Breaking In
第11話 突入
What?
Pope and Kazami, they're alone in there?
And...
Yuki is...

You are, you are, you are a Rider, Riderman
Strong and kind, where have you gone?
A sea breeze that taught us
You filled our hearts with life
You are a Rider, Kamen Rider 4

You are, you are, you are a Rider, Riderman
Noble and brave, where have you gone?
A mountain breeze that taught us
There, there, in that place you live on
You are a Rider, Kamen Rider 4

You are, you are, you are a Rider, Riderman
Lively and bright, where have you gone?
A sky breeze that taught us
In a country far, far away, you live on
You are a Rider, Kamen Rider 4

ぼくのライダーマン

作詞／田中 守　作曲／菊池俊輔
歌／コロムビアゆりかご会

君は 君は ライダー ライダーマン
強く やさしい君は どこにいる
海から風が教えてくれた
君は 僕の 僕の胸に 生きている
君はライダー 仮面ライダー4号だ

君は 君は ライダー ライダーマン
清く 雄々しい君は どこにいる
山から風が教えてくれた
そこに そこに そこに 君は生きている
君はライダー 仮面ライダー4号だ

君は 君は ライダー ライダーマン
弾む 明るい君は どこにいる
空から風が教えてくれた
君は遠い 遠い国に生きている
君はライダー 仮面ライダー4号だ

Yuki is ...
Riderman has already begun his attempt to break into Shikoku.
He's spear-heading the fourth squad.

He said that we, the tenth squad of SPIRITS,
Are needed as reinforcements for the fifth squad. They ran into trouble.
But he said he'll be fine.
What the hell... are we supposed to believe that?
All right! We'll leave Shikoku to Yuki and the fourth squad. We're changing course!
.....
The fifth squad, that's where Jin Keisuke is, yeah?
I've missed that guy.
Yuki...
Why do you insist on going by yourself?

次侵地雷S
The fourth squad tried to avoid the thunderous clouds up above by penetrating it on the ground in armored vehicles, but on each attempt they sustained serious damage.

Right now, Keisuke is up against that revived iron giant that possesses a terrible power.
Could you go meet up with the tenth squad in Yamaguchi?

I am also a Rider...
The fourth Kamen Rider.
Anri... I have to go.

It's just

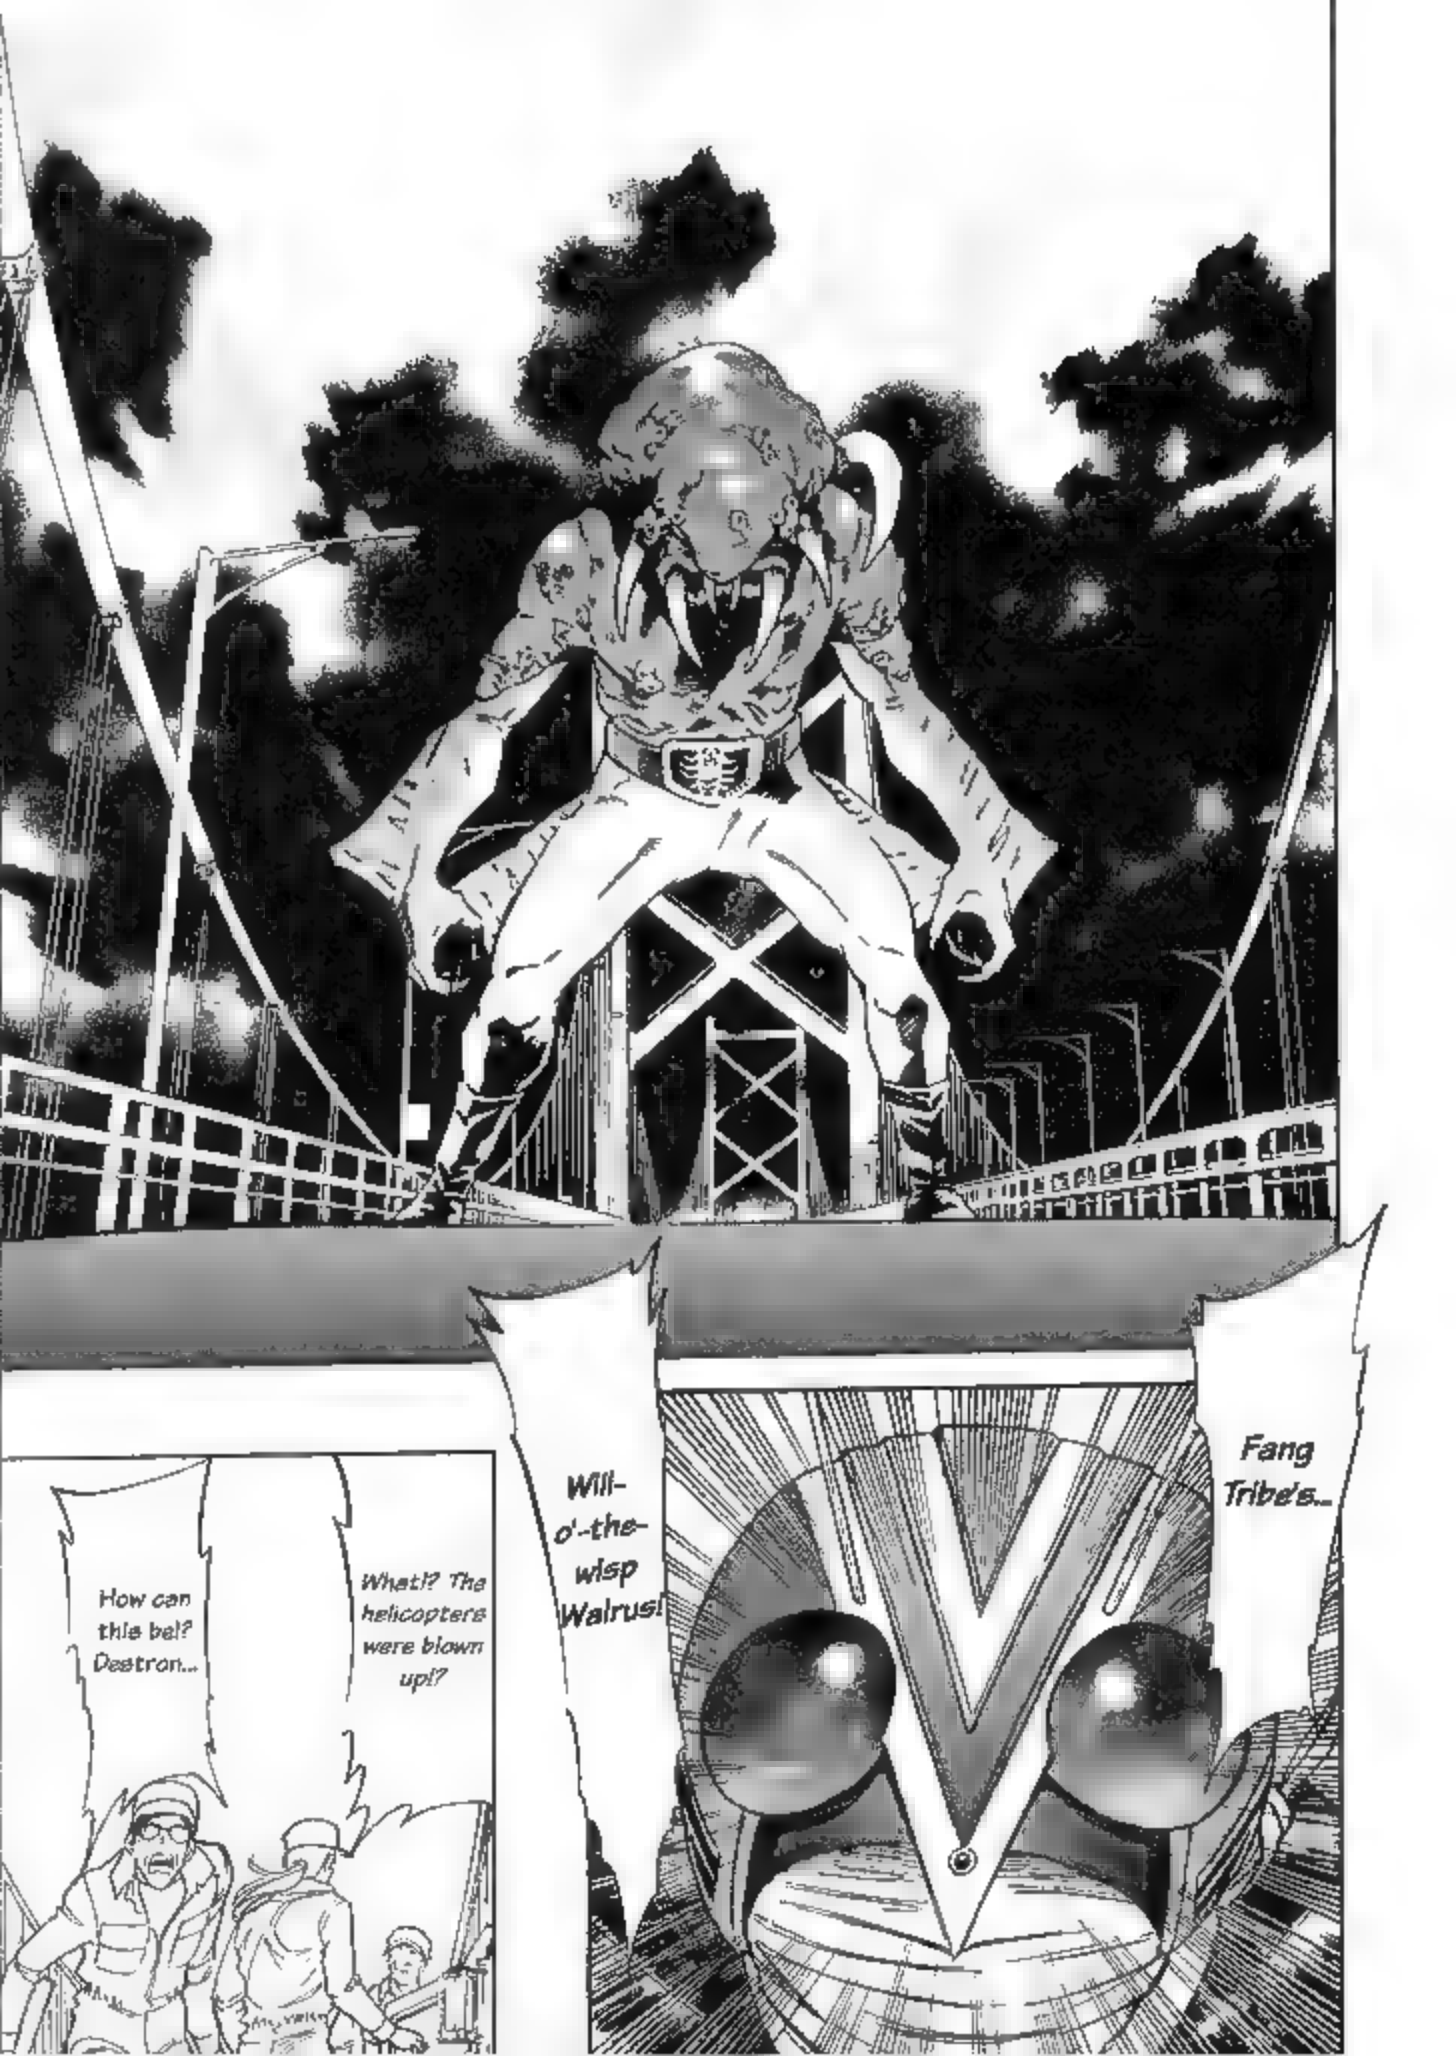
Yuki
said!!
His machine
stabilized at
500 kph!!
It
worked!!

Mr. Yuki, you really shouldn't.
Won't you need the Rider Machine once you've made it into Shikoku?
He just zipped right past the Yoshima parking area!
He's making steady progress, can he make it?
I can't think about what happens after I'm in. Right now is more important.
No... I'll go in this.
There's still more I want to learn from you...
...You have to make it...
Amazing! The naked eye can't keep up with him!
3 kilometers left until he reaches the black cloud, starting... now!

Aaa gh-ll
!?
!?
What!?



Will-o'-the-wisp Walrus!
Fang Tribe's...
How can this be!? Destron...
What!? The helicopters were blown up!?

Shit-
We don't know if he can make it through even without any obstacles...
Mr. Yuki!!

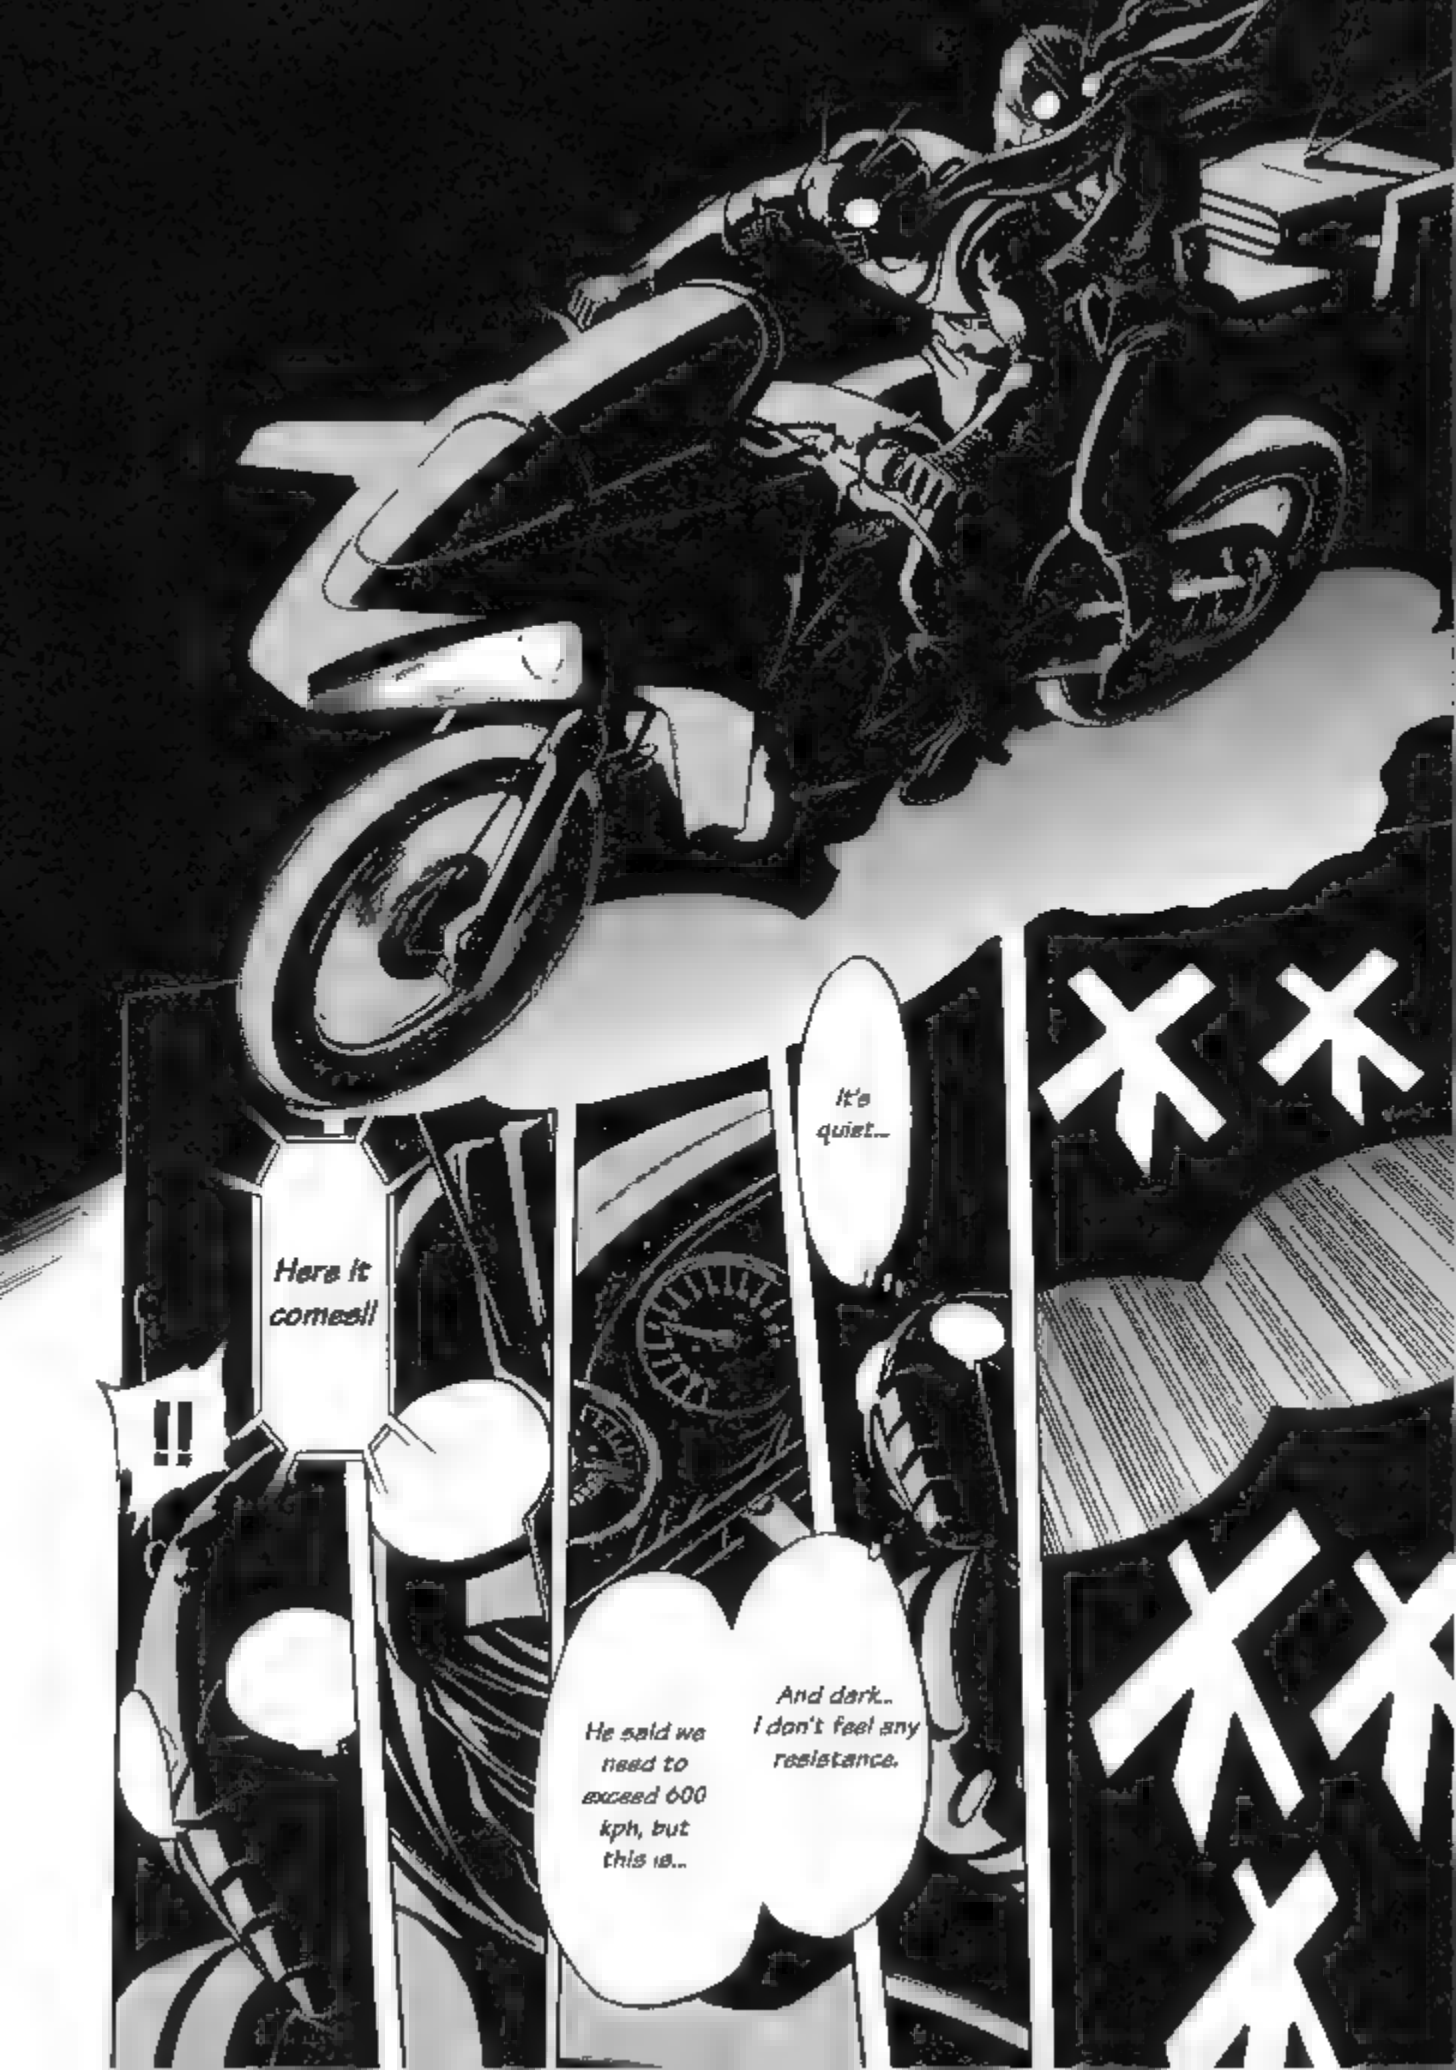
I told you to go to Yamaguchi!!
...
...Ix why are you here!?

Hey!
What are you saying!?
Can't stand to see a woman grieving...
I...
You told us... huh.
I see... You told her to lie.
We will make it to Yamaguchi!
You, and
Kazami Shiro, together!

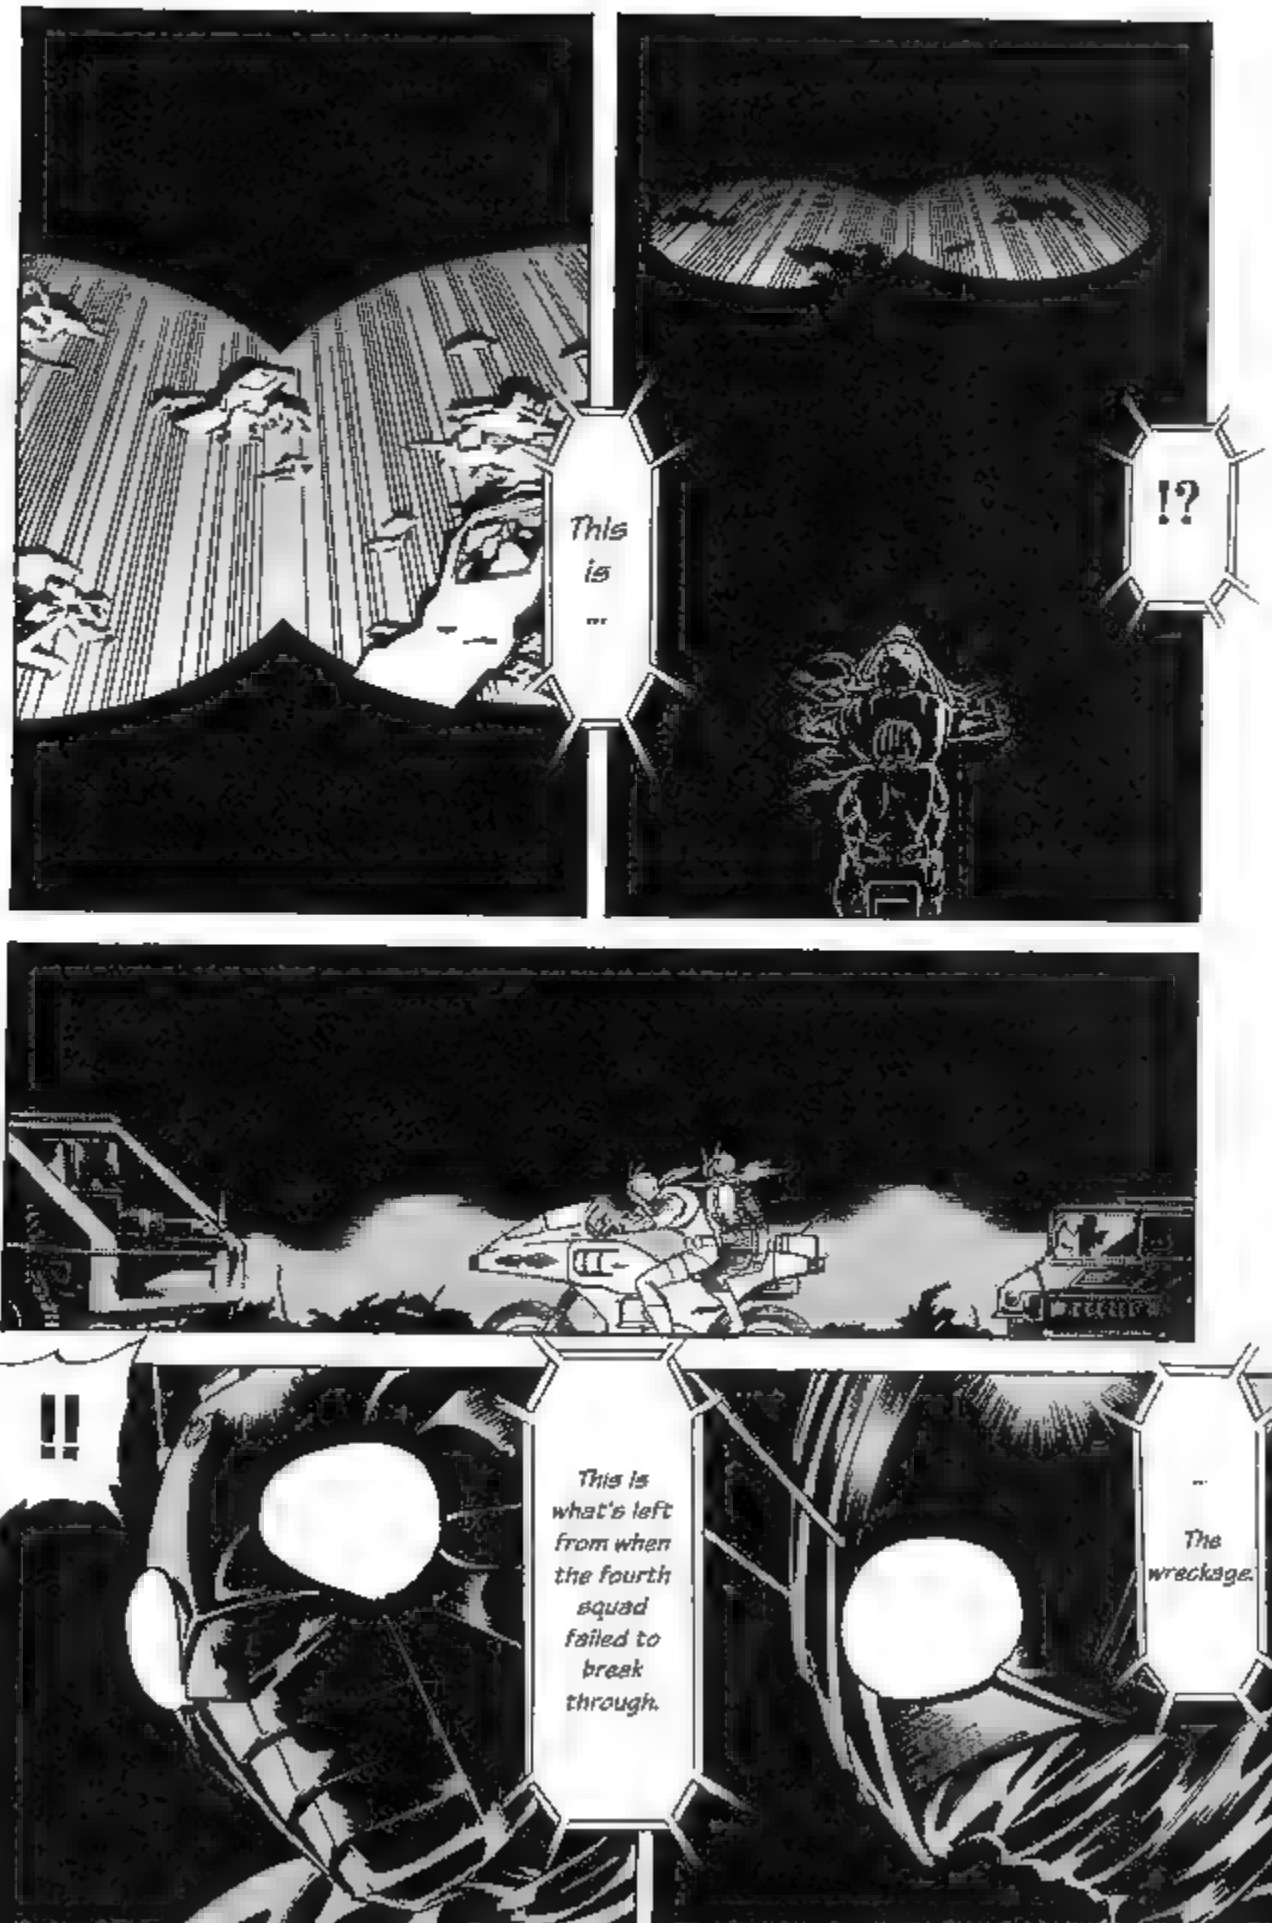
!!
SUZUKI
This acceleration-?
What!?
You said 500... right?
It seems I've somehow underestimated Badan's technological strength...
I don't feel it... it's completely stable...

600 kph.
!!
Nearly there —
Can you do it!?
To weave through the electrical discharge, you need to reach a speed of 600 kph...

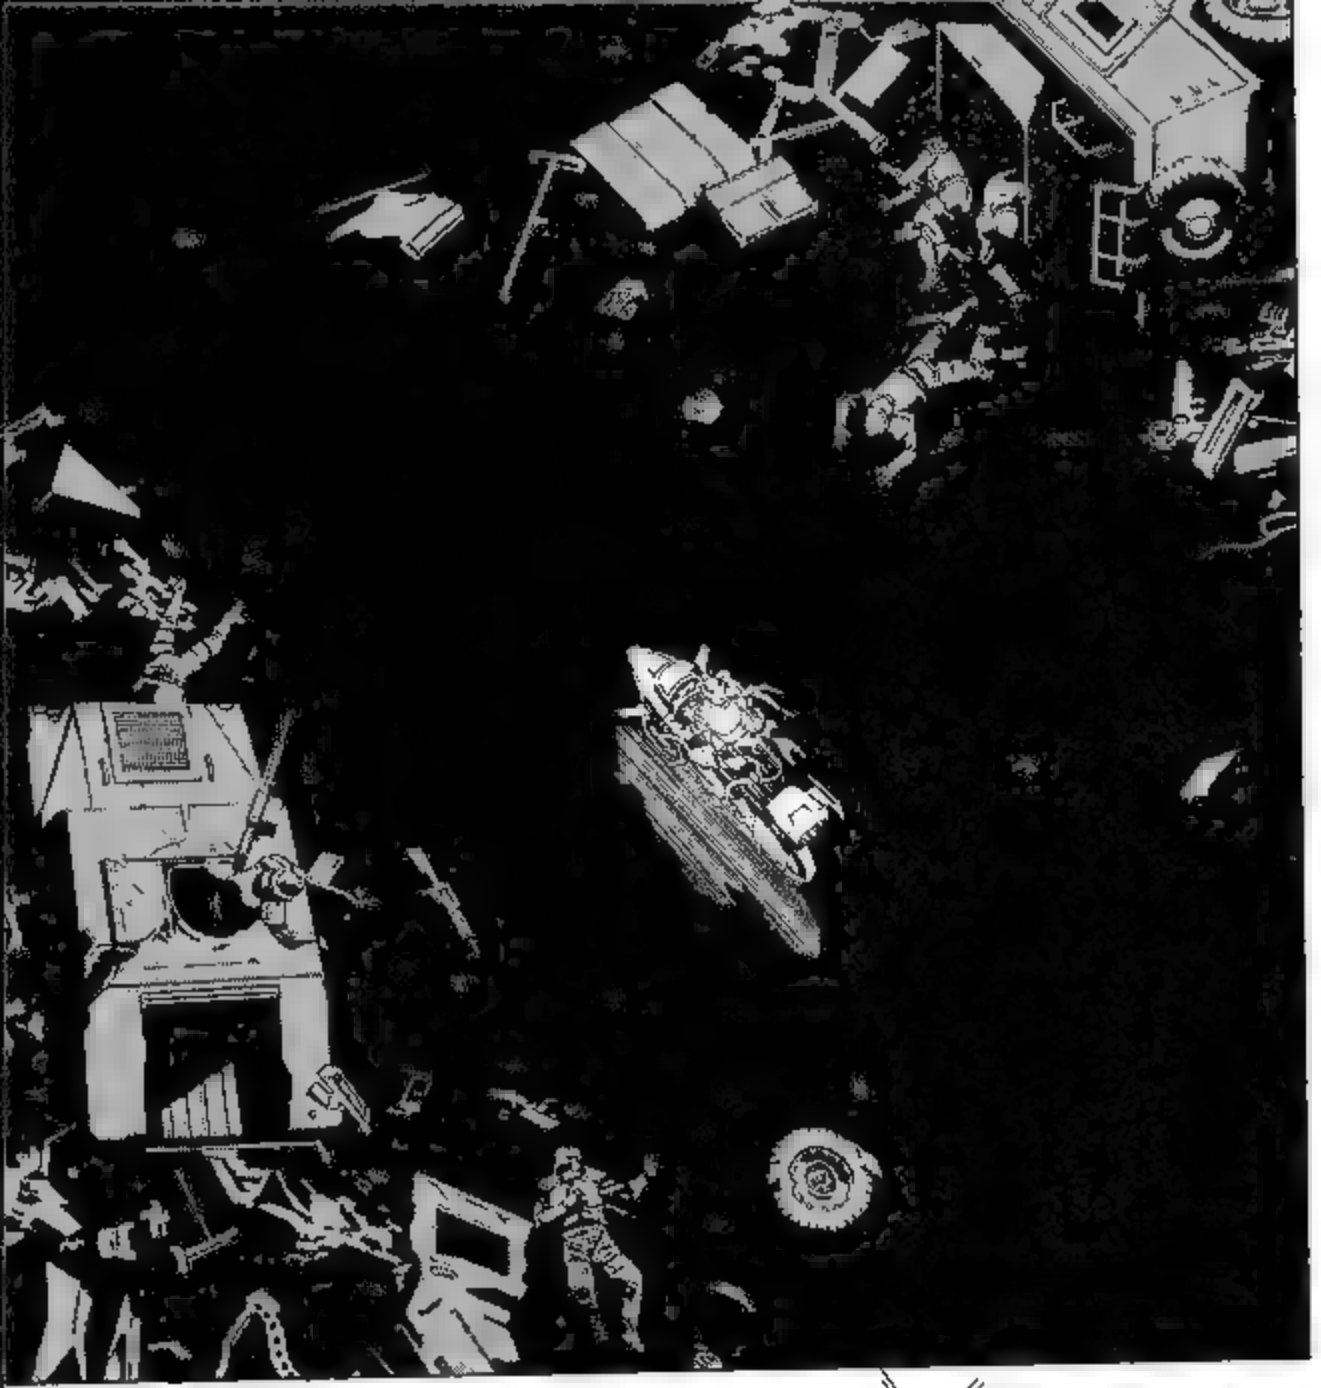


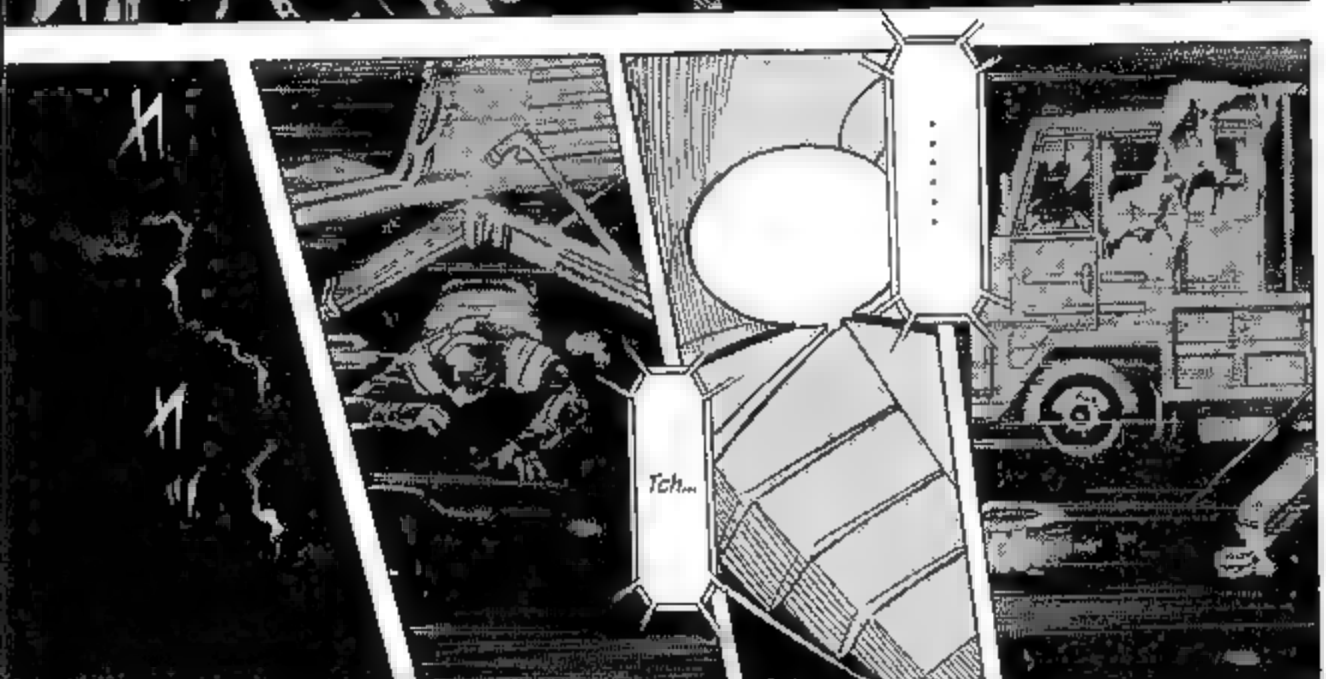
It's quiet...
Here it comes!!
!!
And dark... I don't feel any resistance.
He said we need to exceed 600 kph, but this is...

!!
Kh...
This is a veritable nest of electricity.
Don't get careless. You have to keep up your speed!



This is ...
!?
!!
This is what's left from when the fourth squad failed to break through.
... The wreckage.





Tch...

That was their heart-felt belief. We have to move forward without looking behind.
They bet their lives to leave behind the data we need.
We have to go faster, ZX!
It's not enough!!
N... ghh

YAAAAAH

Hn...

I thought ex. Badan's been coming through here, huh?

A space-time array!!

!!.....

Plunge through, ZX!

Right!

He probably went to back Yuki up.
...Well, knowing that guy...
Like we even need that Badan bastard.
That damn Murasame... Flying off like that without a word!
Fine by me! It's cramped in here anyway!!
Huuuh!? No way!
Looks like we'll have to head to Yamaguchi without him!
ZX has joined him...
Is that so.
Then, we shall await their safe return.
I see...
They disappeared into the black cloud.
Yes... They're no longer on radar.
